

Club Activities

What we do?

Enigma Gymnastics Club provides gymnastics training sessions for young people. The aim of the club is to provide a safe, effective and child friendly environment in which members can participate in gymnastics activities appropriate to the age and ability of the young person.

What age of children does the Club provide for?

Enigma Gymnastics Club is an independent club. Established in July 2011, with first classes in August 2011, the club organises training sessions in gymnastics for young people of all ages and abilities, Enigma Gymnastics Club's youngest member is 3 and the oldest is 17 years old.

Where do we train?

Hiring halls from Kirkland HS Community Use and Parkhill Primary School, training is provided by qualified coaches four times a week totaling seven sessions. With a focus on general gymnastics, it is hoped Enigma Gymnastics Club will provide a much needed service to the local community.

How are we managed?

Managed by parents, the committee within our club exists to support each and every member of the Club.

Set up locally by those who live in the area, it is the Club's intention to provide the best quality gymnastics experience for those who want to take part in the sport, either as a participant or as a volunteer.

Run voluntarily, Enigma Gymnastics Club recognises the skills, knowledge and experiences its volunteers bring to it.

A positive relationship with the Levenmouth community is seen as essential to the operation of the Club.

Local talent and local connectivity brought about by the Club's volunteers help those members of the Club to have a sense of place and belonging.

The Club operates an open philosophy and welcomes the support of parents or guardians.

The Committee is empowered to manage and direct the ordinary business and affairs of the club, and any special business that may be remitted to them.

Our committee consists of the following volunteers. Each position is elected at our annual general meeting and is open to any member of the club:

Chairperson
